OPHTHALMOLOGY

Refractive Training

Ziemer Refractive Training

Our training is designed for ophthalmologists starting or willing to master their refractive surgery skills. We will provide participants with theoretical lectures, covering patient selection, principles of FEMTO and Solid-State Laser technologies, surgery planning, potential difficulties handling, Hands-On Training (Femto-LASIK, CLEAR supra, CLARIGS / FLACS Wetlabs), live surgery and more.

Dates: December 2–4, 2026
March 1–5, 2027

Place: Training Center of Ziemer Ophthalmic Systems, Erlenstrasse 31, 2555 Brügg

Audience: Ophthalmologists, Refractive Surgeons

Level: Basic

The participation is free of charge. Kindly note that neither travel nor accommodation in Brügg is organized by Ziemer Ophthalmic Systems, thus please make sure to take care of that on time.

Esteemed speakers
Prof. Dr. Cynthia Roberts
Prof. Dr. Holger Lubatschowski
Prof. Dr. Antonio Leccisotti
Prof. Dr. Rupert Menapace
... and others
