Swiss Made

How to preserve value and protect your investment?

We Deliver
Vision to the World

ziemer 
OPHTHALMOLOGY

SUPRA Technology is the answer.

More than a manufacturer — Ziemer is your trusted partner. We are dedicated to supporting you with the latest technology, not only in new device generations but also for the devices you've already invested in.

SUPRA isn't just an upgrade - it's an investment in longevity

With Ziemer, you can extend the value of your existing device through a longer amortization period and powerful software upgrade options. There's no need to invest in a completely new system, simply enhance your current device with the SUPRA Technology upgrade.

Connectivity at its core

SUPRA Technology is the basis to profit from Ziemer FlowSuite. Only with SUPRA can practitioners optimize every stage of their ophthalmic workflow within a seamlessly connected digital platform.

Engineered for maximum system security

We place the highest priority on cybersecurity. With the SUPRA upgrade you benefit from state-of-the-art protection, ensuring maximum data security and peace of mind in your daily clinical workflow.

Better applications. Better outcomes

Discover the latest software innovations and updates, available for purchase exclusively through the SUPRA Technology Upgrade:

- FlowSuite connectivity for surgical planning
- Ring Segments and Ring Tunnels modules enabled for the resection and insertion of corneal allogenic material
- Future capabilities, such as the resection of large (diameter) tunnels
- Automatic inclusion of CLEAR Supra, LASIK Supra, and CLARIGS, keeping the procedures at the forefront of innovation

SUPRA Technology

**Engineered for those who demand more,
expect more, and deliver more.**
