

Refractive Training

Ziemer Refractive Training

Our training is designed for ophthalmologists starting or willing to master their refractive surgery skills. We will provide participants with theoretical lectures, covering patient selection, principles of FEMTO and Solid-State Laser technologies, surgery planning, potential difficulties handling, Hands-On Training (Femto-LASIK, CLEAR, FLACS Wetlabs), live surgery and more.

Place: Training Center of Ziemer Ophthalmic Systems, Erlenstrasse 31, 2555 Brügg

Dates: March 18–20, 2026
December 2–4, 2026

Audience: Ophthalmologists, refractive surgeons

Level: Basic

The participation fee is free of charge.

Kindly note that neither travel nor accommodation in Brügg is organized by Ziemer Ophthalmic Systems, thus please make sure to take care of that on time.

Esteemed speakers:

Prof. Dr. Cynthia Roberts

Prof. Dr. Holger Lubatchowski

Prof. Dr. Antonio Leccisotti

Prof. Dr. Rupert Menapace and others

The number of places is limited.
